DEDICATION

Mrs. A. Kate Gilbert

In sincerity she speaks as she thinks, she does as she professes, she performs what she promises, she really is what she appears to be.

In happiness she loves duty for she finds a pleasure in doing the daily and common services of life.

In example, we find her an inspiration as her experience denotes true wisdom—to know what is best worth knowing, and to do what is best worth doing.

In contentment, she climbs above the cares of this world and turns her face to her God, finding the sunny side of life.

Mrs. A. Kate Gilbert, to whom we dedicate this volume of YOUTH, we know you as our friend, who has traveled life's steps before us—to feel, to love, to suffer, and to devote.

IN MEMORIAM

Mrs. Winifred Morgan Jones

In her family life she was a devoted wife and mother. Although not robust in health, she labored unceasingly that her husband and children could give themselves wholly to their work.

She was hospitable and loyal to her friends. Always she sympathized with those less fortunate than herself and contributed her portion to the social life.

She was a sincere Christian. Her heart was always in the cause of Christ for she longed to see her son enter the ministry.

Always loyal to Midland, she entered wholeheartedly into the life of our college and contributed her part toward making our common work joyful and successful. Her memory will be precious among us for, like Mary of Bethany, "She hath done what she could."

FOREWORD

The 1927 Warrior Staff sets forth this annual as a symbol of the Spirit of Youth, as a record of lasting friendships and hours of joy and toil, and as a service to our college whose future shall uphold the traditions of its past. If these things are embodied in the pages of this book, then our purpose shall have been accomplished.

A dauntless Spirit of Youth with the desire for rediscovering the fountains of wisdom, with an inherent desire for inquiry dominating the students of Midland College, lends to this 1927 Warrior a refreshing, novel interpretation of the path of the college youth of today.

To Midland's aspirations and the growing campus which gives promise, The 1927 Warrior is dedicated. In honor of those students, faculty, and friends who are building, this book records another milestone in that rapid march. May The 1927 Warrior which pictures TODAY help to create in every heart greater loyalty to the Alma Mater of TOMORROW.

Lends a Novel Interpretation to

THE 1927 WARRIOR

What is this, then Thou givest me to train?
  A flame that flashes upward toward the sky.
An eagle, soaring on a mighty wing,
  A fountain, leaping wildly from its sources?
What is this, then, Thou givest me to train?

To tend the fire, yet never quench its flame,
  To guide the bird, yet never curb its flight
Through groveling custom's overcautious care.
  To guard the stream, yet never quell its force
Though rocks be jagged and the leap be great—
  Is this my task?

Lord, make this fire like that which Moses saw,
  Leaving no blackening ruin in its wake!
Bid this strong eagle mount and soar aloft
  Yet never sweep below to harm the weak!
Keep these wild waters swift and full and free;
  Yet may they, pure as from their source, at last
Enter Thy throbbing, ever-living sea!

YOUTH, by Mary Griggs Van Voorhis.

BOOK I

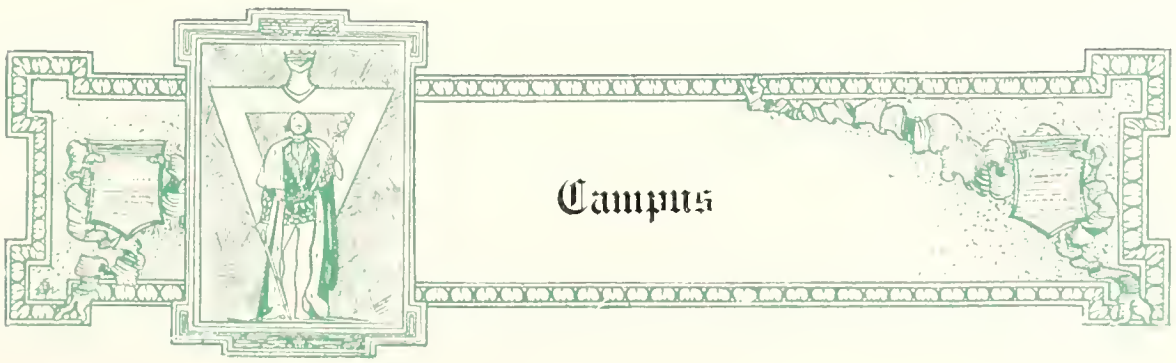
Spring

Oh Spring, unlock the flowers
To paint the laughing soil;
The beauty, Nature's grandeur,
Our souls to fill with joy.

Season of Infancy

This soul that rises with us,
Hath elsewhere had its setting;
In truth, we come in glory,
From God, who is our home:
Heaven lies about us in our Infancy.

Budding Manhood—a nation's pride
Within this campus great schemes are tried.



As before the eyes beautiful expanses of avenues are revealed;
So for Youth in daily life the gushing fountain of wisdom lies.

Where shall live embattled Sport and robust Health but in Youth
For here toil and care being forgotten, all are young again.

Where strolled book-tired students or couples not in haste,
Up! Up! my friend, quit your books, let Nature be your teacher.

These temples of His grace how grand and beautiful they stand;
The honors of our native place, the bulwarks of a prosperous land.

Drink deep! Oh Youth, for a little learning is a dangerous thing!
Knowledge is linked with the Universe and findeth a friend in all.

What splendor, what profoundness is there in Nature's works;
You find something far greater in God's world than in man's books.

Untwisting all the chains that tie the hidden soul of harmony,
Here we may find the assembled souls of all that men held wise.

Who loves not the shady nook, the sound of brook and the stately elm?
To see God's soul Youth knows Nature and Wisdom never are at strife.

History, Progress, Hall of Fame

Written by R. Albert Quelle

Midland College came into existence as a child of the dawn of Christian education in the middle west. Like all the older colleges and universities in this country, and the majority of the younger colleges, the institution owes its existence to the Church. In fact, it is the child of the Lutheran Church east and west.

The idea to establish this "western college" was conceived in the realization that it was necessary to create a Christian institution of higher learning. It was evident that such a school would promote the social and political, moral and spiritual, as well as the economic welfare of the great constituency of the Lutheran pioneers on the plains west of the Mississippi river.

The first sentiment expressing this vision of a denominational school was promulgated in the form of a petition for a Board of Education. This body, after its appointment and organization, created Midland College. A copy of this petition appears in the proceedings of the thirty-second convention of the General Synod of the Lutheran Church in the United States, which convened in Zion's Lutheran Church at Harrisburg, Pennsylvania, May 27 to June 2, 1885. This church is still active and could be visited today in case one might chance to be in the city of Harrisburg.

The petition reads as follows: "WHEREAS, More system and efficiency are needed to advance our educational interests, especially in the west, northwest and southwest; therefore, we, the representatives of the Illinois, Iowa, Kansas and Nebraska synods, in accordance with the instructions given us, memoralize this body for the creation of a General Synod Board of Education."

On motion, this petition was referred to a committee. It consisted of the chairmen of delegations from the aforementioned synods, whose report is here in part reproduced: "That this Board secure for the General Synod any lands which may be donated for educational purposes, provided

BOOK II

Summer

The full blown flower of glorious beauty.
The rose-bud soothed by Summer's breath;
Oh, happy Soul, this may be thy pathway
For life's a short summer, Youth a Flower.

Season of Youth

Youth, on the prow, to whom is given
So much of heaven, so much of earth;
Fate holds from him the lexicon of time,
For to bright manhood there is no word
As Fail.

Come, let's shut up the box and puppets
For our play is all played out.

During the two years he has been in our midst, he has made many friends.

Senior Class History

In the fall of '23 a group of "Freshies," prompted by a desire for individuality and enhancement of character, verdantly entered Midland's halls of learning in the pursuit of knowledge. Most of the first year was spent in becoming adjusted to the new environment and serving as the chief source of joking for the upper classmen. In the spring we commemorated in suitable manner the annual Freshman day.

The second chapter in our history did not prove quite as blank as the first. Having been duly initiated, several of our members gained courage and made their "debut" in campus circles. We soon started our extra-curricular activities with Harold Petersen as president of the Wynn Literary Society. During this year our class had two representatives on the debate team and two in the Girls' Quartette. In spring, Sophomore day was spent in visiting some of the sites of Omaha. With the coming of commencement in 1925 just half of our college days came to a close.

Although somewhat diminished in number, we came to the third chapter of our history with lots of pep and enthusiasm. We were represented in practically every college activity and several of our members held distinctive positions. Philip Beiswanger was editor-in-chief of the Midland. Albert Quelle was president of the Kal Literary Society and also of the Inter-Society Council. Arthur Nelson was captain of the affirmative debate team. Pauline Prestegaard served as first president of the Dorm Co-eds. Bessie Petersen and Virginia Patterson were members of the Girls' Quartette. It not being customary for the Juniors to have a class day we gave vent to some of our energy and held a breakfast. The close of our junior year came with a feeling of slight regret because we realized that only one chapter remained and then our college career would be completed.

With the coming of the fall of '26 we attained to the dignity of seniors and were honored by reservations at the front of the chapel. This year every member of our class has taken an active part in campus activities. One of our members, Jack Carmody, has the distinction of being the first student to be captain of all three athletic teams. Dorothy Sexton, first co-ed ever president of a senior class, held that office the first semester. Lloyd Kistler was head of the Student Council. Everett Willert and Minnie Rohlfing were respectively presidents of the Y. M. C. A and Y. W. C. A. Frank Madsen was manager of Midland's first high school debate tournament. Richard Jones was a member of the Men's Quartette. Now as our college days draw to a close, and we are looking forward to commencement, we come to the realization that four of the happiest and most prosperous years of our lives are about to end but that real living is only beginning, and with this we close the last chapter of our class history.

They bear their blushing honors thick
They're true-blue Midlanders in act and name.

Honor to the Sophomores

The Class of '29 entered Midland College in the fall of Nineteen Twenty-five ambitious, enthusiastic, verdant much the same as other Freshmen have entered the portals of this institution. Having become adjusted to the college environment, many members of the class began to take a prominent part in all activities of the school.

This year, our class has continued this active work in student groups and activities. We have furnished our share of athletes for football and basket ball. In dramatics and music the Sophomores were not lacking. We were winners over the Freshmen in the first class Olympics ever held at Midland, subjugating and compelling the Freshmen to humbly wear their green caps until Christmas vacation. Then in the publication of the annual the class cooperated with the staff splendidly. Of the three under classes, the Sophomores have the largest percentage having their pictures in the Warrior.

We have two more years at Midland. Some may drop out. Others will continue their work. All will find a place in the world of affairs. But none shall ever forget the Class of '29.

J. LESTER SAWYER, York, Nebraska

The Seminary alarm clock with the motto, "Never be late for breakfast." A man of strong conviction, sterling character, and thoroughly Christian in living-energetic and enthusiastic in the Master's work. He is president of the Seminary student body. If you feel a breeze and hear the purr of a motor you may know it is Sawyer and his Ford passing by. Those who know him best love him most.

FRED C. WIEGMAN, Hastings, Nebraska

We often wonder why God chooses some men to serve Him. Our acquaintance with Fred drives this question from our mind in this case. A commanding personality, sterling character, and a devout love for Christ, his Master, are some of his many qualifications for the Gospel ministry. We predict that he will be a model husband as well as a great preacher. Nebraska City has called him to minister unto them. May God bless this ministry.

PAUL C. WHITE, Wolbach, Nebraska

Paul has been connected with the Midland institutions for many years. He started in the academy, went through the college, and is now finishing in the seminary. His classmates love him for his cheery personality, his unfailing good humor and even temper, his patience toward criticism, and his untiring loyalty. He probably will work overseas as a foreign missionary.

Just to wish a "fellow student" from Wolbach the best of success.

CARL H. KEMPER, Paxton, Nebraska

The ministry has its geniuses and its semi-geniuses, but here is a man who seeks nothing more for himself than that he shall be faithful with the talents he possesses. Carl is a quiet, unobstrusive, pleasing Christian gentleman. He has a good reservoir of stout-hearted common sense, and the persistence that comes from knowing that his way is the best for him. He is true blue, all wool and a yard wide.

EDMUND G. WOOD, North Platte
He seeks for wisdom-having such
He still for more finds room,
But treasures nothing quite so much
As his heart's song, his "Tune!"

LAWRENCE H. STEINHOFF, Tekamah
That beauty slowly outward grows
Was once said of the race.
Anticipating, therefore, we
Have dubbed him "Boniface."

FRANCES DYSINGER, Fremont
You never thought her just a girl
Though lady she be—you are right.
She's just the fitt'ndest friend—
The kind of a guy you'd like!

HERMAN JOENS, Rapid City, S. D.
A modest lad, yet somehow sane:
Just sane enough to be
Not too austere (as folks say "tame")
But very good company.

EDGAR A. DORNER, Burlington, Iowa
We can't say all about him yet
But this much we can see;
That anyone can safely bet
On the man that is to be.

HUGH DOWLER, Casper, Wyoming
We know not with what fields of grain
Or fruits his state is blest;
But they raise men! And we contend
A "sun" came from the West.

ERNEST H. HARDER, Johnson
How can a man speak of himself
To lie or say what's true?
But this I know, that Wisdom's pelf
Has left but talents few.

HELENE H. HARDER, Johnson
Her calling to fulfill—she sought
To make her life His plan;
He answered sooner than she thought:
She leaves us for Japan.

THORWALD HILDEBRAND, Fladerslev, Denmark
Perhaps this Dane (what man can tell)
Is blue-blood's richest blend.
What matter now! Who know him well
Delight to call him friend.

The Midland College chapter of the Blue Key Fraternity was established, May 28, 1926, with fourteen charter members.

It's object is to study, discuss, and strive to further the best interests of the college; to promote a spirit of fraternalism among all college students; and to otherwise fulfill the obligations set forth in the pledge of the Blue Key fraternity. Members are chosen for their attainment in scholarship, prominence in student activities, and outstanding character.

The Blue Key exerted its influence in encouraging such events as: Homecoming Day, Invitation Debate Tournament, Little Theater Tournament, and Honor Day.

The Inter-society Council was organized in 1923 to meet the need of a board of arbitration created by the expansion of literary society activities in the college. It consists of three representatives from each society. The council governs the mutual relations existing between the Wynns and Kalophroneans.

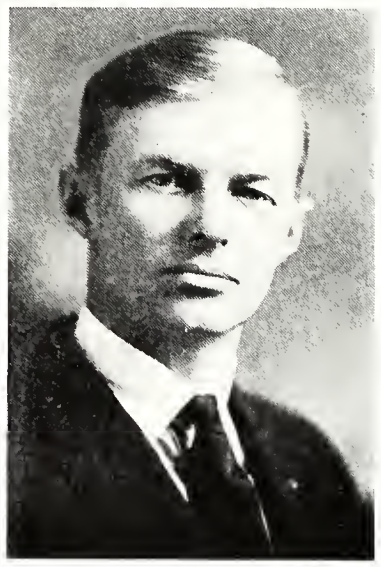
Forensics

FORENSIC COACH



Elwood C. Murray.

This is the first year for Professor Murray at Midland College. His initiative and driving power as coach of the forensic activities of the school has placed Midland in the front ranks of the platform world.

It was he who first saw the possibility of utilizing the machinery of the societies for intra and inter-competitive debate and oratory. He, also, was the first to vision the advantages of an invitation high school debate tournament for the college.

Professor Murray has done a great work in placing Forensics in a more important standing as one of the major inter-collegiate activities of Midland College.

EXTRA CONFERENCE DEBATES

As a unique and profitable impetus for the Forensic season, intra and inter-society debates were fostered. In the finals, the Kalophroneans, represented by Dichsen, Frobenius and Swan, defeated the Wynns, represented by Nelson, Beiswanger and Search by a 3-2 decision. Nelson was awarded the Patterson prize as the best debater.

Midland this year had a larger debate schedule than ever before in its history. In addition to the 13 conference clashes, the squad met six state and out-state opponents.

Open forum, no-decision debates, were held with both teams of Creighton University, Council Bluffs High School, and Luther College on the McNary-Haugen Bill. The Augustana forensic men of South Dakota opposed the Midland Negative in open forum on the same question in one of the interesting inter-sectional clashes of the season on the Fremont floor. The only defeat for the Negative was suffered at the hands of Waldorf College of Iowa, 2-1.

The University of Wyoming, on their eastern tour, closing the local Forensic schedule, suffered a 2-1 defeat from Midland. Nelson and Dichsen, two captains, represented the school in this inter-sectional clash. Upholding the negative contentions, this debate was the only one of the season on the Volstead Act for the Midlanders.

CHAMPIONSHIP DEBATERS

Top row: L. Fackelman, C. Daly, C. McCracken, R. Frobenius.
Second row: E. Eikelberger, P. Beiswanger, L. Search.
Third row: Prof. Murray, A. Nelson, H. Dichsen, L. Swan.

Midland for the second time in its history at Fremont was awarded the Nebraska Intercollegiate Debate Championship. The squad made a record which is unequaled in the Forensic history of the college. They won twelve debates and thirty-two judges' votes, losing one debate and seven judges' votes. However, as Nebraska Wesleyan University made a similar record and as the two schools did not clash, a dual championship was declared.

Three years ago Midland was awarded undisputed her first State Debate laurels. Of this 1925 championship squad, four debaters, Arthur Nelson, Herbert Dichsen, Reno Frobenius, three-year men, and Philip Beiswanger, two-year man, were also members of this year's team. The other debaters on the squad were: Lightner Swan, two-year man; Cornelius Daly, Edward Eikelberger, Lloyd Fackelman, and Lindsay Search, one-year men.

The state question was, "Resolved, That Congress Should Adopt the Principles of the McNary-Haugen Bill." Arthur Nelson, for the third year, was chosen captain of the Affirmative team; Herbert Dichsen, captain of the Negative. The Negative team went through the season of eight debates without a conference defeat.

The Forensic record is as follows:

Kearney affirmative	0-3	Midland negative,
Dana negative	0-3	Midland affirmative,
Dana affirmative	1-2	Midland negative,
Omaha Uni. negative	1-2	Midland affirmative,
Omaha Uni. affirmative	0-3	Midland negative,

Doane affirmative	1-2	Midland negative,
Peru affirmative	0-3	Midland negative,

STATE ORATORS

Top row: R. Jones, C. Berhenke, E. Willert.
Second row: D. Berg, S. Lichliter, E. Kirby, G. Gryzva.
Third row: M. Koolen, A. Nelson, H. Dichsen, L. Swan.

More interest was shown in oratory than ever before in the history of the college. The competitive machinery of the two societies was used to select the best orators. Twelve contestants participated in the annual contest.

Those who entered the finals were George Gryzva, Carl Berhenke, Lightner Swan, Richard Jones, Herbert Dichsen and Arthur Nelson. "The Heritage of Life," by Nelson won first place; "Liberty and Security," by Dichsen, was awarded second prize, and "Mussolini, Italian and Patriot," by Jones, placed third in the local contest.

Arthur Nelson, representing the college in the state contest, which was held at Nebraska Wesleyan, February 10, placed third in the race. Aubrey Carrell, orating for Nebraska Wesleyan, on "The Fourth Estate," was awarded first place. LeRoy Lasse, representing Doane with "The Black Plague in America," placed second.

EXTEMPORANEOUS SPEAKERS

The intra-society extemporaneous speaking contests were held April 26, at which time the four best men from each literary society were selected. The inter-society finals were conducted on April 29. On this occasion the two first-place men were chosen.

These winners represented the college in the state contest at Kearney, May 13. This event closed the state forensic season for Midland College.

PEACE AND CONSTITUTION

PEACE

A contest from Midland, for the first time, represented the college in the state peace oratorical contest at Doane, April 16.

Richard Jones, senior, won the honor of being Midland's contestant by winning a 2-1 decision from Frank Madsen, senior, in the finals. Stuart Lichliter, freshman, was the other contestant for the prize.

The winning oration was, "What Price, Peace." The second prize oration was, "Imperialism."

The Midland representative was awarded fifth place in the state contest at Doane. John Casteel, of Wesleyan, placed first.

CONSTITUTION

Lightner Swan, winning the local constitution oratorical contest, represented Midland at the semi-regional meet at Hastings, April 21. He won first place.

In the inter-society contest, Swan placed first, orating on "Industry and the Constitution." Nelson received second place, and Dichsen third. Others who participated were Carl Berhenke and Edwin Kirby.

Six schools were entered in the semi-regional contest: Colorado Park, Omaha, Hastings, Western State Teacher's of Iowa, and Midland. The regional contest was held at Morningside, Iowa, May 6. The national finals will be run off at Los Angeles, June 23.

INVITATION TOURNAMENT

The first annual invitation debate tournament, ever staged in the state of Nebraska, was held at Midland, February 24, 25 and 26. This idea was initiated by Professor Murray.

Hastings high school, by a 2-1 decision over Technical high in the finals, was awarded the Grover Spangler silver loving cup as the winner of the tourney. Nathan Levy, Hastings, was presented a $100 scholarship by Midland College for being the best individual debater.

Fourteen teams, representing the cream of surrounding high school forensics, participated. They were Council Bluffs Abraham Lincoln, Blair, Fremont, Geneva, Hastings, Lyons, Norfolk, Oakland, Omaha Central, Omaha North, Omaha South, Omaha Tech, Tekamah and Council Bluffs Thomas Jefferson.

Men of Fremont, Midland professors, debate coaches, and members of the Midland debate squad served as judges for the occasion.

The Harvard plan of accommodations was used in entertaining the debaters. In spite of all difficulties arising with the initiation of such an enterprise, the tournament, under the efficient management of Frank Madsen, Midland senior, proved a great success.

The precedent has been established. Tournaments of this nature in the future will continue to encourage more schools to participate and will bring more Nebraska high school students into direct contact with the college.

The members of the Midland Madrigal Society are selected by means of try-outs in the fall. Thus, the best talent available is chosen.

The club appeared twice in concert during chapel hour throughout the year. They, also, with the Men's Glee Club, presented one number of the college lecture-concert series. The Madrigals, further helped in the annual Messiah Festival.

The climax of their work is the annual tour. This year the girls made a trip through western Nebraska and Colorado. This places before the territory, supporting the college, the best that Midland has to offer in the musical world.

In addition to singing in chapel, the men aided in making the Messiah Festival a success. They, also, in conjunction with the Madrigals, presented one number of the lecture-concert course.

Professor Jones is very ably assisted in his directing of the Glee Clubs by Professor Rangeler, who has had much experience in this work.

The Girls' Quartette is practically a new organization on the campus. Wherever they have appeared they were enthusiastically received. The Quartette has made many friends for the college by singing concerts. Their harmonious rendition of a varied program pleased all lovers of good music.

MESSIAH FESTIVAL

The big musical event of the year for Midland College and the City of Fremont was the Messiah Festival held April 27, 28 and 29.

For the third consecutive season, the Messiah Chorus of two hundred members and the Fremont-Symphony Orchestra presented the famous Handel Oratorio. Also, Hayden's "Creation" was sung as the first night's program of the three-day festival. The Fremont-Midland Symphony Orchestra, with the West Sisters' String Quartette, appeared for the second night of the musical celebration.

The artists secured for the Messiah Festival were:

Hazel Silver-Rickel, Soprano, Salina.
Maurine Mason, Contralto, Chicago.
Archibald G. Todd, Tenor, Kansas City.
Hugh T. Rangeler, Baritone, Fremont.

The Messiah Chorus was under the able direction of Professor T. Amos Jones. The Fremont-Midland Symphony Orchestra was under the leadership of Professor Carl W. Hawkinson, with Mrs. Ruth Meberg Wicks as concert master. Miss Evangel Hibben, at the piano, was the accompanist for both the Chorus and the Orchestra.

The Quartette is popular because of the delightful, entertaining programs which they render.

LECTURE-CONCERT COURSE

The Lecture-Concert series is an important part of the college program in fostering movements which are conducive to higher cultural development of the student. The ability to appreciate and enjoy the highest achievements in art is recognized as constituting a part of the equipment of a well-educated individual.

This year Midland students and faculty and Fremont friends enjoyed a high-class series of varied lecture-concert numbers. These were:

Suzanne Keener, colatura soprano, petite Metropolitan opera star.

Omaha Community Players, "He Who Gets Slapped."

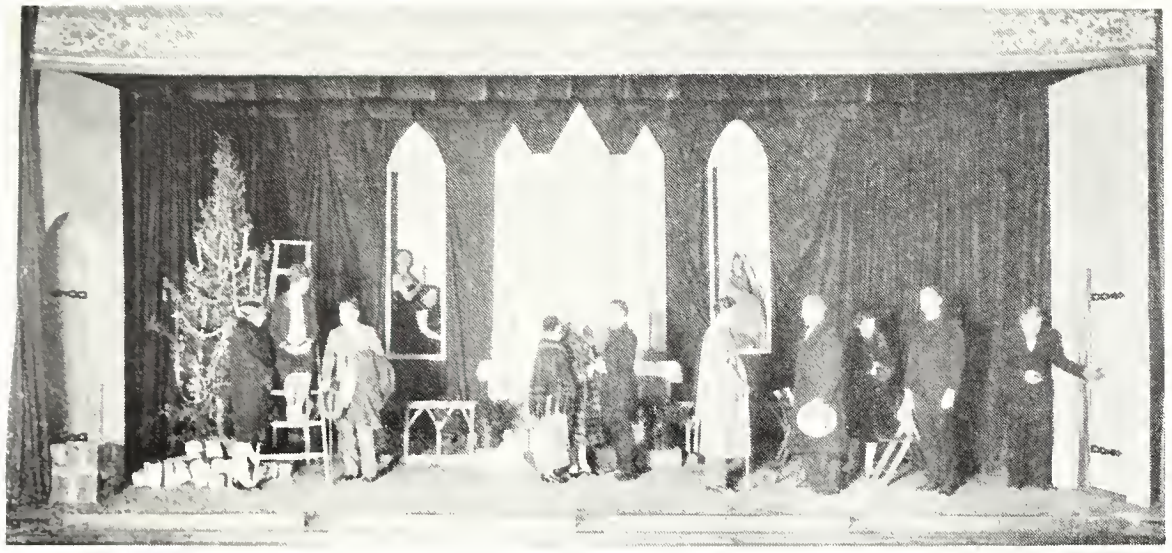
Midland Players, one-act plays. "Jazz and Minuet," "Mrs. Pat and the Law," and "Peace Maneuvers."

Cherniavsky Brothers. Leo, the violinist, Jan, the pianist, and Mischel, the violincellist.

Midland Madrigal Society and Men's Glee Club Concert.

Edgar C. Raine, lecturer. "Alaska, The Wonderland of the World."

"THE FOOL"



Left stage: G. Rowe, D. Sexton, P. Greenawalt.
Middle stage: R. Bonderson, M. Huxoll, G. Martyn.
Right stage: S. Berek, F. Krueger, R. Brodegaard, A. Havekost, U. Harmon.

The Midland Players presented a star cast in Channing Pollock's drama, "The Fool," before a large and appreciative audience, December 9.

The theme of the play dealt with an earnest young minister, Daniel Gilchrist. His interpretation of the evils of Christianity result in an effort to break down the indifference of his selfish and self-satisfied parishioners to realization of the actual needs of Christianity.

Directed by Mrs. Carl W. Hawkinson, with Miss Hester Anne Rhea as her assistant, and presented by a strong cast, the play was well received. It's extraordinary finish bespoke real talent and ceaseless work on the part of both cast and coach.

Middle stage: E. Gartner, E. Willert, F. Krueger, R. Pledger.
Right stage: D. Sexton, L. Patterson.

The Kalophronean Literary Society presented their successful dramatic production of the year, "The Youngest," a three-act comedy by Philip Barry, on February 11.

The play was a clever story of the youngest member of the family, Richard Winslow, with an inferiority complex. He rises to unexpected heighths because of a girl and a legal technicality. Had the play ended at the close of the second act it would have been a masterpiece, but since another act was added it became a good comedy.

This play was another success in the long line of Kalophronean dramatic achievements. It was ably directed by Mrs. Carl W. Hawkinson.

"SMILIN' THROUGH"

The Wynn Players will present a star cast in their dramatic production of the year, Allan Langdon Martin's romantic comedy, "Smilin' Through," Commencement week.

The theme is a touchingly beautiful story of the young love of Kathleen Dungannon and Kenneth Wayne. This romance was thwarted because of the oath of Kathleen's aged uncle, John Carteret, that none of his line shall ever wed a Wayne. Pressed for an explanation of his seemingly unreasonable prejudice, he tells the story of his own wrecked romance of fifty years ago in a "flash-back" to that period.

LITTLE THEATRE TOURNAMENT

The first annual Little Theatre tournament ever staged in Nebraska was held at Midland, April 8.

Albion, presenting "Op 'o My Thumb," was awarded first place among seven contesting high schools. Thus, it received the silver loving cup, donated by Glen Fennel, Fremont jeweler.

Ashland, staging the second act of "Nothing But the Truth," was placed second. "Suppressed Desires," as presented by Hooper, ranked third. Other schools participating were: Schuyler, in "The Wonder Hat," Nebraska City, "The Heart of a Clown," Fremont, "Rosalie," and Blair, "A Girl to Order."

Mr. Fred Marrow, director of dramatics at Creighton University and co-director with Gregory Foley of the Omaha Community Players, acted as critic judge. He, also, addressed the players at a banquet given by the Midland dramatic club at East Hall.

This tournament was sponsored by the Midland Players, under the direction of Mrs. Carl W. Hawkinson. It attracted considerable attention as the first contest of its nature ever staged in the state. Bringing high school students directly into contact with Midland collegians, it helped to display the spirit of the Orange and Black to prospective college students of Nebraska.

Student Volunteer Conference

The annual convention of the Nebraska Student Volunteers was held at the Salem Lutheran Church, February 11, 12 and 13. This is the second time, since Midland moved to Nebraska, that she has entertained this state group.

One hundred and forty delegates from the colleges and universities of the state attended the conference. Among these were students and missionaries from foreign countries.

Outstanding speakers presented challenging thoughts to an appreciative group. Dr. Alexander Paul, traveling missionary secretary, spoke on "Conditions in China." Dr. Edwin M. Thomas, of the Lutheran Mission Board, explained "The Relating of the Student to his Mission Board." Other speakers were Rev. H. J. Harwood and Rev. A. Schwerdtfeger of India, Miss Miriam Goodwin of Korea, and Rev. Frank T. Meacham and Mrs. E. W. Emery of Africa.

One of the features of the conference was "Ordered South," a missionary play, presented by the Midland Players.

The convention was one of the best attended and most successful that has ever been held. It helped to strengthen the purpose of the Volunteer and influenced others to dedicate their lives to foreign mission service.

International L. S. A. A. Conference

The international conference of the Lutheran Student Association of America convened in the grand Luther Memorial Cathedral at Madison, Wisconsin, December thirtieth to January second. Students from colleges and universities of the United States, China, India, Japan, Finland and Canada were in attendance.

Midland was well represented by seven delegates: Dr. Martin, Philip Beiswanger, Albert Quelle, Pauline Prestegaard, Herbert Dichsen, Lindsay Search and Wiltrude Hecker. This second largest delegation at the conference, selected by the campus Christian organizations, was made possible through student and faculty contributions to the Student Chest Fund.

Challenging subjects were presented by experienced and noted Lutherans. Dr. G. A. Brandelle, president of the Augustana Synod, gave an address on, "What is the Church and What Is it For." Dr. J. A. Morehead, president of the National Lutheran Council, presented, "The Opportunities and Obligations of the Lutheran Church in America." Rev. William Horn, student pastor at Cornell University, Ithaca, New York, spoke on "The Problems and Opportunities of Lutheran Students." "The Nature and Functions of the Lutheran Student Association" was explained by Arthur Johnson, recent president of the organization. Special phases of Christian work also were presented by Prof. R. B. Manikam, student from India, and Rev. Ambrose Hering, executive of the Minnesota Inner Mission Society.

The delegates brought to the college students in chapel talks, portions of the inspiring messages considered at the conference. It was a council which will long be remembered because of the manifested earnest desire to understand more fully true Christian living, and for the fine spirit of a firm faith in the Son of God Himself as well as in His teachings.

that conditions shall not be accepted so as to compel injudicious location. In the event of offers for the establishment of an institution, the consideration of the same shall be referred to said Board for decision.

Rev. Mosheim Rhodes, D. D., of St. Louis, one of the men appointed on this Board of Education, was elected as its first executive. He later served the college in its first two years as president, pro tem., and lecturer on Ethics.

Further developments accrued at the thirty-third convention of the General Synod assembled in the old Kountze Memorial Church, then situated on the northeast corner of Sixteenth and Farnam streets, in Omaha, Nebraska, June 1 to 13, 1887. This location is a landmark in the history of Midland College. Here, the General Synod decided to establish a college in the west. At this time, also, the same body assigned to the Board of Education its first specific duty, namely, the founding and sustaining of the future western college.

Propositions to the board for the location of a college had been presented by nine different cities and towns in Kansas and Nebraska. Two of them were regarded especially worthy of note, namely, Atchison, Kansas, and Beatrice, Nebraska. The former was the city chosen as the location of the new college. The name selected for the institution was that which it now bears, *Midland College*.

The school opened in the fall of 1887 with seventeen students enrolled in the collegiate department. The first building to be occupied was the Atchison Institute building, owned and formerly used by Harriet Earhart Monroe, an ardent Lutheran, who had up to that time conducted an academy. A faculty of nine members was selected. Rev. Mosheim Rhodes, D. D., who contributed definite policies to the college, was president pro tem. Prof. W. H. Wynn, Ph. D., from whom the Wynn Literary Society gets its name, and who suggested the name "Kalophronean" for the other literary society, was dean and professor of Ancient and

PUBLICITY DIRECTOR

W. Emerson Reck

Professor Reck is successfully filling the position as first Publicity Director and head of the Journalism Department at Midland.

He has brought to the college an extensive newspaper publicity. The News Bureau reports that one U. S. resident out of every twelve read a Midland College news item during the first semester of this school year.

He has also aroused a new spirit of journalism among Midland students. His experience on a large daily and all of the publications of his Alma Mater, transferred to the Midland publications, has resulted in a larger and better college paper and annual in the school.

Prof. Reck has done a great service for the Greater Midland. In "rushing the news" he has most advantageously advertised the activities of the college to the interested constituents and friends of this institution.

PRESS MEET

The first annual Tri-state High School Press Meet of its nature ever held in the Middle West was conducted at Midland, April 25-30. It was fostered by the Theta Gamma Epsilon, local honorary journalism fraternity.

Thirty-five schools entered their papers. Among these were included Geneva, Omaha Benson, Omaha Central, Scottsbluff, Albion, Fairbury, Wakefield, Columbus, Auburn, Omaha North, Blair, and Osceola of Nebraska; Muscatine, Hamburg, Council Bluffs Thomas Jefferson, Burlington, Marshalltown, Des Moines, Shenandoah, Red Oak, Fort Dodge, and Sioux City Central of Iowa; and Greenleaf, Marysville, Lawrence, Oberlin, Ottawa, Bendena, Coffeyville, Fort Scott, Kansas City Central, Abilene, and Wellington of Kansas, Sioux City and Emmetsburg, Iowa.

The meet was capably managed by William Sudman. A silver loving cup, donated by Hjalmar Anderson, Fremont jeweler, was presented the winning paper. All other papers were rated as first, second, and third class, and certificates awarded as such.

Entering news sheets were judged as to composition, makeup, editorials, and features. Those who served as critics were Professor W. Emerson Reck, journalism instructor at Midland, Editor Byron O. Copper, of the Fremont Herald, and Archie H. Donovan, day city editor, Omaha Bee and Daily News.

The Midland College honorary journalism fraternity, Theta Gamma Epsilon, was organized, February 18, 1927, with five charter members.

Its purpose is threefold: To promote greater interest in journalism among the students of the college; to reward the effort of students whose work along journalistic lines has been outstanding, and to supervize the election of the editor-in-chief and business manager of all official college publications.

Theta Gamma Epsilon sponsored the first tri-state high school press contest ever held in Nebraska. This endeavor was a great contribution to the college as a journalistic advertising medium for Midland.

Mr. Elwood Murray, Professor of English

The Midland, official college weekly, has enjoyed a decided improvement this year over the past.

A great deal of credit for such progress is due to Professor Reck. As head of the Journalism Department, his help and direction in the methods of modern newspapers has produced a great efficiency in editing the college paper.

Reno Frobenius, as Editor-in-Chief, is responsible to a large extent for the success of The Midland. His past experience on the paper and his business-like methods of handling his responsibilities marks him to be a real newspaper chief.

The financial end of The Midland was ably handled by Lightner Swan, as Business Manager. Although he is comparatively small in stature, "Light" is a big man when it comes to getting out the weekly "add sheet" for Midland College.

Wilbur Klover, as Managing Editor, was Reno's right-hand man. "Bill" is not only a real organizer, but also an able writer. Evidence of this ability appeared frequently in the editorial column.

The business manager was greatly assisted by the "Salesman Sam," Frank Madsen. His experience in the selling world made him a valuable asset to The Midland.

One of the important factors contributing to the improvement of The Midland was the efficiency of its staff.

Only members of the advanced journalism class are given positions on the paper. Thus, the college publication is produced by those that are efficient in the fundamentals of journalism.

Muriel Bixby and William Sudman, as Associate Editors, proved to be a great help in assisting the Editor-in-Chief. Often they "burnt the midnight oil" in "tapping the news" for tomorrow's edition.

At the National College Press Congress Publication Contest The Midland was given a distinguished rating which placed it in a class with a few select college papers in each state.

The Midland weekly was one of the 270 college papers lately awarded certificates of merit by the Sigma Delta Chi, national honorary journalism fraternity. Only six other Nebraska papers were given this rating.

WARRIOR OFFICERS

Harold E. Petersen, Business Manager

Philip M. Beiswanger, Editor-in-Chief.

The Warrior, the official college yearbook, was edited and published this year on a larger and finer plan than ever before in the history of Midland annuals. Yearbooks from the smallest high school to the national prize-winning Savitar were examined in order to incorporate the best ideas possible into The 1927 Warrior.

Philip M. Beiswanger, as Editor-in-Chief, brought to The Warrior his experience of previous years. He is the only Midlander to have the distinction of holding the Associate Editorships and offices of Editor-in-Chief of both Midland student publications, The Midland and The Warrior.

"Phil's" dream of a bigger, more beautiful, and most representative annual combined with his ingenuity, his mastery of details, and his ability to organize has resulted in this 1927 Warrior.

Harold E. Petersen, as Business Manager, served his apprenticeship as Advertising Manager of The Warrior last year. He also displayed his executive ability as Student Athletic Manager.

Due to his initiative, his ambition, and his desire to further the best interests of the college, he has labored constantly for a bigger and better Warrior. It was largely due to his untiring efforts that The 1926 Warrior had the largest number of advertisements ever appearing in a Midland annual. With the same resourceful ability, "Pete" has worked on The 1927 Warrior. Resultingly, the loyal support from Fremont business men was increased this year to such an extent as to make this larger and finer Warrior a financial success.

The advice and copy-reading of Professor Reck was a great advantage to the staff this year. His willingness and ability to scan the pages of this book has helped to make it as errorless as possible in regard to composition, make-up and typography.

The Staff of The 1927 Warrior has cooperated with the Editor-in-Chief to produce this successful book. Their sacrifice of many hours of labor to gain thoroughness, their persistence to seek all the facts, and their patience to produce perfection was a great factor in compiling this annual.

Great praise is due the talent and skill of the Art Editors, Dorothy Wassum and Ulric Harmon. They have aided in picturing the theme, the Spirit of Youth, by producing a variety of unique drawings, herein contained. Although student works, as such it presents achievements which professional artists might be proud to call their own. Special attention is called to a proposed Midland seal, on the cover, and to the accepted Theta Gamma Epsilon key, page 109. Both are original drawings of Dorothy Wassum.

Especial merit goes to Albert Quelle, Literary Editor, who has greatly helped the Editor-in-Chief in producing this literary masterpiece among Midland annuals. His precision and knowledge of English has aided in publishing a smooth-reading history of the college year. In addition, his painstaking efforts in gathering facts and moulding them in a presentable way resulted in the unique contribution to The 1927 Warrior, the History, Progress and Hall of Fame of Midland College.

Paul Lewis as Assistant Business Manager, with his knack at collecting money, contributed a great share to the financial success of this book. In addition, his untiring efforts as one of the Snap Shot Editors gives to the annual the most representative Life Section ever enjoyed by a Midland Warrior.

Others of The Staff who played their part in the compiling of The 1927 Warrior are: Herbert Dichsen, Ted Larsen, Arthur Nelson, Pauline Prestegaard, Ilda Schriefer, Muriel Bixby, William Sudman, Veronica Hanlon, Walter Rottman, Ralph Rasmussen, Emily Marsden, Ernest Harder, Ted Wood, Rena Bonderson, Frank Madsen, Dorothy Sexton, Luther Patterson, Cornelius Daly, Virginia Patterson, Carl Berhenke, Paul Greenawalt, Lillian Willman and Wallace Livers.

The College Journalist

Written by Reno Frobenius

Students aspiring to become writers are found in every freshman group entering college. They, enthusiastic for their future work and inquiring concerning the desired preparation, soon enter the journalism class. Others in the halls of higher learning, who have not selected their life work, are attracted by the energetic staff members, editors, or journalism professors. They begin to appreciate the value of literary training and enter the ranks of future writers and newspaper men.

Beginning with a study of the fundamentals, the student learns that "news is the immediate record of the most interesting, important, and accurate information obtainable about what man thinks and says, sees and describes, plans and does." The personal fantasies and imaginations are relegated to the back ground when he is reminded that "the ideal attitude of a news writer is that of an impartial observer, investigator, and recorder." After a brief study of news stories and types of leads, the aspirant is given his first experience in practical writing. He is assigned a news event to cover. Scouring the campus for desired facts and composing his story, he proudly submits the same to the editor. Probably, it is refused with the firm request to rewrite. Disappointed but ambitious, he turns to exert every effort to satisfy the journalistic requirements until his story is accepted. Thus, the college writer makes his first debut in the journalistic world and continues along the pathway of joys and disappointments.

The officers of publications face more tedious tasks and difficulties but receive, perhaps, more honorable rewards. The editor strives to be pleasant yet appearing stern and exacting so that the submitted stories are promptly and properly written. His greatest responsibility is rewriting articles to maintain the desired standard of publication. Added to this, are hours of tedious labor making heads, reading copy and proof, and planning the pages of a dummy. The editor often suffers unheralded criticism for his editorial columns which he publishes with the best intentions of effecting much needed reform. The manager enthusiastically approaches business men to sell advertising. Sometimes, his proposition is accepted; oftentimes, he is met with the curt reply, no. Striving to close the year without a loss, he finally concludes that his business experience was worth its cost in time and energy.

The college journalist, considering the values of his efforts, may think that they are all for naught. But there are rewards beyond those of grades and credits. The profession of journalism, today, is drawing its recruits from schools where students have gained the broad preliminary training offered college publications. Here, they

The highest aim of Midland College is to train girls for leadership and Christian service. In this the Young Women's Christian Association cooperates with the school. This group brings before the girls outstanding examples of men and women who have devoted their lives to work in God's Kingdom. Andy Roy and Lillian Jasa were two of the interesting and helpful visitors to the local organizations this year.

Included in the work of the Y. W. C. A. is the "Big Sister" movement, the purpose of which is to help the girls, coming to Midland for their first year, to feel at home in their new environment.

The Young Men's Christian Association of Midland College, as the only exclusively all-men's organization on the campus, affords to the students an opportunity to assemble in common fellowship and discuss the vital problems of life. It is a union of students and faculty members for the following purposes:

To lead students to faith in God through Jesus Christ.

To lead them into membership and service in the Christian Church.

To promote their growth in Christian faith and character, especially through the study of the Bible and the constant use of prayer.

To influence them to devote themselves in united effort with all Christians to making the will of Christ effective in human society, and to extend the Kingdom of God throughout the world.

The Y. M. C. A. provides speakers, strong Christian leaders, who bring to the students the true light and interpretation of college campus problems.

The Young Ladies' Missionary Society is an organization among the girls of East Hall. It aims to bring the Midland co-eds into direct contact with the missionary interests of the Church. Thus, they work jointly with the general missionary societies of the United Lutheran Church.

This year the girls have used as their study book, The Templed Hills, by Ralph A. Felton. They also sent delegates to the state missionary convention.

are brought into invigorating contact with practical methods approved by the metropolitan experience of newspaper craftsmen who, either through books or personal supervision, serve as journalism instructors. Though the apprentice cannot escape the rigorous lessons that age and daily routine alone can bestow, he is given a better chance to succeed later on at less expenditure of time and energy. Varsity journalism also teaches services to others for the newspaper is "a private enterprise that functions as a public institution." For those who intend to enter other fields of endeavor, the training received as a college journalist will prove invaluable. The practical experience of expressing ideas concisely in written language, of recording facts accurately, and of being exact and prompt in all things will be of inestimable value to the college graduate.

Dr. Wynn for a time, also, acted as president of the college.

The first president of Midland College, Rev. Jacob A. Clutz, D. D., was inaugurated in 1889. He furthered the eminently successful policies, already shaped by Dr. Rhodes, in expanding the college. The personality of Dr. Clutz permeated the entire college and constituency, and was a great contributing factor in firmly establishing the institution. He had a well-stored mind of unusual penetration and was a teacher of superior ability. The president possessed a splendid executive ability and could express himself in a plain manner without giving offense, and had the unusual ability of bring people to a common ground. He was a friend and helper of all the students and took a personal interest in them.

The Kansas Club is a new organization on the campus, consisting of students from the Jayhawker state. Its purpose is to assist in the building program of Midland and to encourage other Kansans to attend this institution.

They celebrated the sixty-sixth anniversary of their state's admission to the Union with a banquet at the Salem Lutheran Church parlors, January 28. Greetings from Governor Ben S. Paulen of Kansas were brought to the group.

History, Progress, Hall of Fame

By the end of Dr. Clutz's administration in 1904, three buildings had been erected on the campus: the main building, Atchison Hall; the girls' dormitory, Oak Hall; a small gymnasium. The student body by this time had increased to thirty in the collegiate department.

The Western Theological Seminary was established during this administration. Theological instruction at Midland College was authorized in 1893, and the first class of five men was graduated two years later. By the authority and direction of the General Synod held at Hagerstown, Maryland, in June, 1895, the Seminary was formally opened in the fall of the same year with Rev. Frank D. Altman, D. D., as the first president.

Rev. Millard F. Troxell, D. D., became the second president in 1904. To him may be attributed the extension of the building program and the addition of material equipment. It was during his administration that the Carnegie Library was built and an extensive amount of laboratory equipment was added.

All Juniors and Seniors who are majoring in science and mathematics are eligible for membership. Others interested in these subjects may become associate members of the organization.

This group has fostered the formation of a Photography Club. Any student may become a member. Gilbert Lueninghoener was chosen as its first president.

These enthusiasts have engineered clever pep programs throughout the entire athletic season. Their timely wit and snappy yells have made Midland students loyal supporters of all intercollegiate contests.

Seeking to gain character nobility.

ATHLETIC COACH

Joseph H. Catlin

Coach Catlin is a very capable athletic mentor. He is a graduate of Millikan University, Decatur, Illinois, where he earned twelve letters in athletics. Three years Catlin received all-state honors in football and basket ball. In tennis he was singles and doubles champion of the Little Nineteen conference for four years. He was also assistant coach at his Alma Mater.

In 1925 Catlin attended the Rockne-Meanwell coaching school at Notre Dame. He produced a championship basket ball team for the Citizens' military training camp at Jefferson Barracks, Missouri, in the summer of 1926.

The coach has worked hard in building strong unit action football and basket ball teams, although handicapped by many injuries and green material. In all of his work he has shown himself worthy of the trust and confidence of his men and the student body. Catlin has done much to maintain and promote ideals of manhood in the athletic department. Conference coaches have commended the Warrior mentor for his splendid influence upon college athletics.

STUDENT MANAGER

ASSISTANT FOOTBALL COACH

J. A. Nelson

E. Dorner

Arthur Nelson has performed the duties of the office of Student Manager of athletics in a commendable manner which is a credit to the college. This position carries with it a great responsibility.

The needs of the players, advertising of games, and the financial side of athletics were well provided. The football season "paid out" better than any previous year.

"Art's" success was due largely to his ability in working and cooperating with the Fremont people, college officials, and the student body.

Edgar Dorner was an able assistant of Coach Catlin in building a strong line for the Warrior gridiron team. He is a product of Carthage College where he played tackle on their team.

He has worked hard and faithfully at his task, as was evidenced by the showing of the forward wall under fire. "Ed" was a valuable man in assisting the coach to develop well-trained players, thus giving Catlin more time to work with the backfield and the team as a unit. The football men have greatly appreciated his work.

ATHLETIC BOARD

The Athletic Board of Midland College is representative of the Fremont business men, Midland officials, and the student body. It was formed as a means of improving and maintaining the standard of Midland athletics. The Board promotes a closer understanding between the city and the college.

The duties of this group are mainly advisory. They discuss the various problems and questions pertaining to athletics, such as price and sale of tickets, awarding of sweaters and letters, conditioning of the athletic field, and various other problems which might arise.

"M" CLUB

Lloyd Kistler, President, First Semester
Ted Larsen, President, Second Semester

The "M" Club is the only athletic organization in the school. Its membership consists of those men who have earned letters in any branch of athletics, including football, basket ball, track and tennis.

The athletes and student manager each receive a block "M"; the cheer leader a letter of different design. Each additional year of service is indicated by a stripe on the left sleeve. A star represents a captaincy.

The club has charge of the annual high school basket ball tournament. Thus, they encourage interest among Nebraska high school students in Midland athletics. They also entertain alumni and friends as honored guests with a formal banquet at the close of the year.

The organization represents the best athletes of the institution. The "M" Club exerted a wholesome influence on Midland athletics, standing for consistent playing and good sportsmanship.

R. McCord, W. Kistler, J. Carmody, R. Fredstrom.

CAPTAIN JOHN CARMODY, quarterback — Fremont

Fourth year — Weight 138

Jack served this year, again, as a Warrior pilot. Although small in size, he is one of the best field generals Midland ever had. His motto is "The bigger they are, the harder they fall." In many pinches his quick headwork saved the day. He received all-state honors on the first team. Jack's good nature and ability as a leader have made him popular with the football men. His loss by graduation will be keenly felt.

CAPTAIN-ELECT RAYMOND FREDSTROM, halfback — Oakland

Second year — Weight 158

Ray is next year's captain and should enjoy a successful season. He has played good, consistent football as both end and halfback. This is Ray's third season in the Warrior camp and his reputation as the "Terrible Swede" is well known.

LLOYD KISTLER, tackle — Bunkerhill, Kansas

Fourth year — Weight 200

Big Bad Bill hails from the Jayhawker state, the land of the sunflowers and football players. He was endowed with the same fight which has characterized all of the Kansas players, the old Midland spirit. Bill has been with the Orange and Black for four seasons and during this time he has played every position except quarterback and center. He could always be depended upon to do his best in either offense or defense. He will be greatly missed next year.

ROY McCORD, fullback — Wahoo

Second year — Weight 160

Although Roy has been with the Warriors only two seasons, he has made a name for himself in Midland athletic circles. At halfback he was a consistent ground gainer, good at running interference, and a tower of strength on the defense.

R. Blank, A. Petersen, M. Koolen, D. Herndon.

RALPH BLANK, halfback — Rosalie

First year — Weight 172

Ralph blew into the Warrior camp from northeastern Nebraska and at once made good. His hobby was long end runs, which kept Midland's opponents on the alert. When under way he was a very hard man to down as he had a knack at throwing off tacklers. Ralph was a hard fighter under all conditions and proved a worthy addition to the Warrior squad.

ALTON PETERSON, end — Hampton

First year — Weight 160

Pete did splendid work at end. Although this is his first year, he soon acquired the Midland fight and sportsmanship. He was fast on following up punts and was a good tackler. Pete always gave his opponents plenty to think about on the offensive and helped break up many plays.

MARTIN KOOLEN, halfback — Lincoln

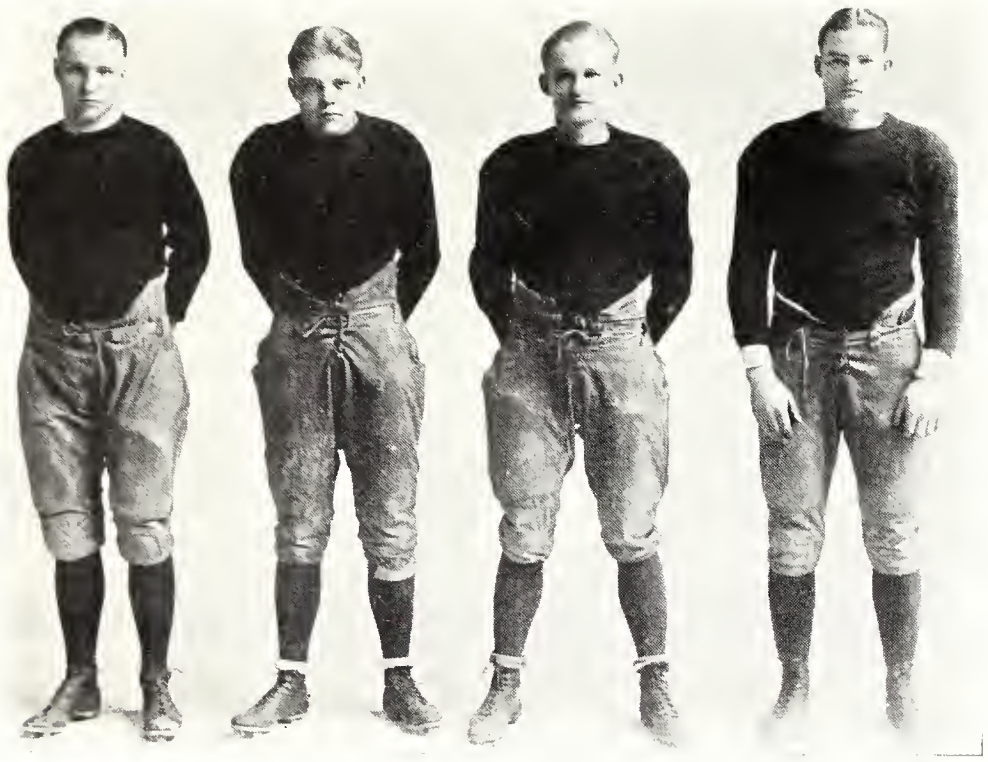
Third year — Weight 170

Marty played a wonderful game at half this season. He was fast on his feet, and a hard man to stop when he got under way. His long end runs were a feature of Midland games. Marty ran good intereference and played a fine brand of defensive football. His career for the season was stopped short when his leg was broken in the Peru game. As a clean, hard, fighting player, Marty is a typical Midland athlete.

DWIGHT HERNDON, halfback — Fremont

First year — Weight 170

Jack came to Midland with a reputation of being a great broken field runner and his work under the Orange and Black has fully justified that reputation. He is a product of Fremont high school which in the past has given Midland fine material. When under way it was almost impossible to stop Jack.



V. Rock, H. Paulson, H. Koolen, J. Cunningham.

VADEN ROCK, end — Fremont

First year — Weight 180

Vaden is a new man on the squad but he has shown himself as solid as a "rock." He plays a good hard game and is a faithful worker. He is quiet and unassuming, but is there with the goods. Vaden did good work on passes and in breaking up plays.

HAROLD PAULSON, guard — Wahoo

Third year — Weight 160

Harold has faithfully filled his position and is a hard consistent fighter at all times. His opponents always had a tough time when they hit his side of the line. During his three years at Midland he has been a valuable man to the team.

HANS KOOLEN, guard — Lincoln

Third year — Weight 175

Hans has done fine work on the team this year. He played guard most of the time but when put behind the line proved that he could carry the ball. Hans did the punting for a part of the season getting away with some pretty punts. In the line he was a stonewall on defense and a battering ram on the offense, smashing 'em down on line plunges. A clean, hard-fighting player, Hans is a credit to the squad.

JOHN CUNNINGHAM, tackle — Fremont

First year — Weight 180

"Punk" is one of the well known Cunningham brothers. This is his first year on the squad but he has shown up well under fire. He always played like a veteran, under trying circumstances. "Punk" stopped them when they came his way and was strong in getting the secondary defense.

F. Rasmussen, S. Lichliter, E. Metz, A. Miller.

FRANCIS RASMUSSEN, tackle — Colon

First year — Weight 170

Francis is another freshman who made the varsity men work to hold their positions. He was a good hard worker who always, when called upon, gave the very best he had, no matter how rough the going.

STUART LICHLITER, end — David City

First year — Weight 158

Stuart has the making of a real football player. With a little more seasoning he should hold down a regular berth. Stuart was fast on his feet. Whenever given the opportunity, he always made a good showing. In the scrimmages he gave the first string backs considerable worry when they came around his end.

EDWIN METZ, guard — Nebraska City

Second year — Weight 160

This is Ed's second year in the Midland camp and his showing has made him a welcome member. He has a great deal of natural ability, which, combined with experience, has given his opponents plenty to think about.

ALBERT MILLER, tackle — Bancroft

First year — Weight 158

Bert played consistent football throughout the season. This was his first year on the Midland team, but he played like a veteran. He did good work in both the tackle and guard positions, always keeping his opponents busy trying to figure out what was coming.

PAUL CUNNINGHAM, end — Fremont

Third year — Weight 160

"Dink" was one of the best ends Midland ever had. He was a deadly tackler and was fast in following up punts and smashing up plays. When placed in the backfield he was a consistent ground gainer. "Dink" has received all-state recognition for several years.

H. Monnich, M. Mez, L. Beckley.

HENRY MONNICH, tackle — Fremont

First year — Weight 175

Henry was a little slow in getting started but did good work before the season was over. He is a loyal and faithful player and with a little more experience should give the varsity guards something to think about.

MAX MEZ, guard — Verdon

First year — Weight 170

Max played guard this year on the scrub squad, but when given the opportunity showed up well on the varsity. He kept the regulars working to keep their positions. With a little more experience he should make a strong bid for a varsity berth.

LA VERNE BECKLEY, fullback. — Fremont

Second year — Weight 150

Bud is another star gridman who has come to Midland to fight for the Orange and the Black. He had hard luck this year owing to injuries received in the Hastings game. This kept him out for the rest of the season. Bud is a hard, faithful player at fullback and displays a brilliant style on the athletic field.

LORAN GRAHAM, center — Fremont

Third year — Weight 150

Loran ranks as one of the best centers Midland ever had. He won a place on the all-state eleven last year. This season he had a close race with Christian of Chadron for the honor. Loran is a good man on both offense and defense, stopping many of his opponents' plays behind the line. He also had the knack of turning his opponents' fumbles into touchdowns.

York Game

SEASON RESUME

Confronting the problem of training eight freshmen for the varsity lineup and facing the difficulty of serious injuries to veteran players, the Midland Warriors successfully completed an interesting football season. They placed sixth in the Nebraska conference of colleges.

The gridiron season began with the defeat of the strong Tabor teams, 6 to 0, at Fremont. However, the team received a setback in their second non-conference game when the heavy Morningside squad administered a 28 to 0 defeat.

The state conference race opened at Fremont with the Warriors taking the York Panthers into camp, 34 to 0. The blue-jerseyed visitors were bewildered by the smashing drives, long end runs, and brilliant line work of the local team.

The Peru Bobcats shattered Midland's state championship hope by taking a 7 to 0 counter. The heavy Normalites copped the game in the first five minutes of play on a slippery field. The Lutherans here suffered a severe loss due to the injuries received by Marty Koolen, all-state halfback.

The Homecoming game was dropped to Wesleyan, 16 to 0. The Orange and Black team with substitutes, outplayed, outgained, and outfought the powerful Coyote team, only to lose because of blocked punts. Midland made 11 first downs to Wesleyan's 4, and advanced the ball 184 yards to their 90.

York Game

Wesleyan Game.

At Hastings, the Warrior squad began a winning streak by a close score of 7 to 6. The break of the game occurred when a recovered fumble gave the Fremonters a touchdown. Captain Carmody kicked the extra point for the decisive counter.

Playing at home, the Orange and Black aggregation muzzled the Cotner Bulldogs, 21 to 0. Although outweighed and weakened by injuries, the Lutherans arose to the occasion of celebrating Dad's Day with this decisive victory.

Continuing the victorious Midland spirit, the squad tamed the Wayne Wildcats on their home field by the score of 6 to 0. A brilliant offensive rally in the last three minutes of play gave the Warriors the game.

The season closed at Chadron when the Lutherans lost to the highly tauted 1925 Nebraska champions, 7 to 0, on a snowclad gridiron. By this defeat the Normalites won the 1926 state conference cup.

Although the Midland team did not win the championship, they put their best efforts into every game, always playing consistent football. The institution can well be proud of the reputation which the varsity has earned as hard fighters and clean players.

ALL-STATE HONORS

Six Midlanders were placed on the mythical all-state teams or given honorable mention by Gregg McBride, sport editor for the Lincoln Star. Jack Carmody, quarterback, was awarded that position on the first team. Loran Graham was given the center berth on the second team. Harold Paulson, guard, Paul Cunningham, end and halfback, and Ralph Blank and Jack Herndon, halfbacks, received honorable mention.

CHEER LEADERS

Paul Greenawalt served as cheer leader during the football season. He made a fine record, being responsible for the enthusiasm shown by the students. This success was largely due to his natural ease and striking personality reinforced by a keen interest in his work.

Gene Harrison was elected cheer leader for the second semester. He, together with Fritz Krueger, assisted Paul Greenawalt throughout the gridiron season. This experience contributed to his success in leading students to ardent support of the Warrior quintet. As a rule enthusiasm tends to lag during the basket ball season, but Gene was equal to the occasion.

He was ably assisted by Lloyd Fackelman and Sam Berek.

SEASON RESUME

This year the Midland quintet played the heaviest schedule of any team in the Nebraska conference. Despite the fact that most of the available material was inexperienced, Coach Catlin turned out one of the most consistent and sportsmanlike teams in the state.

The first game with Wesleyan was a nip and tuck affair. At the half, the Lutherans led 11 to 0. However, the Methodists came back and in the closing period squeezed out a 27 to 21 victory. The following night, the Dana basketeers nosed out the tired Warrior crew, 31 to 33, in an extra period. The third game was dropped to the strong Omaha Cardinals by a 27 to 17 count.

The Midland loopmen, in the first home game, met stiff opposition when they encountered the strong Peru aggregation. Luck seemed against the locals and the game ended with the visitors in the lead, 25 to 23. In another close contest, the Warriors dropped a hair-splitting 26 to 25 final count to the Omaha Cardinals.

Journeying to the land of the famed Peru quintet, the Fremont crew took the most crushing defeat of the season to the tune of a 51 to 18 Bobcat victory.

With the addition of recruits from the Illinois high school champ team, the Warriors chalked up their first victory by defeating Chadron, 28 to 20. However, the following night, the Eagles sought revenge and turned the loop score in their favor, 30 to 22. The next week, seeking blood, the defeated Midlanders smothered the Dana Lutherans with a 52 to 12 ringer score.

Continuing their winning streak, the Warriors invaded the Wild Cat camp and gained a third scalp by defeating Wayne 35 to 28. Fans say that it was the fastest and best display of basket ball ever played on that court.

The following week, the Fremonters lost a heart-breaking game to Hastings, 27 to 25. A Broncho guard dropped in the decisive counter as the final whistle blew. The fatigued Black and Orange squad the next night found themselves unfit to cope with the fresh York team. Unable to locate the hoop on the small floor, they lost a one-sided score to the Panthers, 13 to 16.

Returning home, the Lutherans handed Wayne the second defeat of the year, 23 to 20. Beautiful basket shooting was a feature of the game. Fresh from this victory, the Warriors bull-dosed the Cotner Builldogs to a 27-21 drubbing on the Bethany court.

BASKET BALL SQUAD

Top row: Wilcox, Herrington, Packwood, Coach Catlin, Koolen, Waterhouse, Miller.
Second row: Nordstrom, Larsen, Carmody, Johnson, Peterson, Brink.

Playing on the local floor, the Fremonters lost all pep and dropped a listless game to York, 27 to 16. However, they quickly recovered from this slump of the season and took the Cotner team into camp with a victorious count of 25 to 21.

The Lutheran quintet closed the season when they lost to the Hastings Bronchos, 24 to 27. This game was played before the large high school tournament crowd.

Although the Warriors placed ninth in the conference race, they made 427 points to their opponents 466. Johnson was high point man with a total of 118 points in 17 games; Nordstrom, in 11 games with 107 points, made the highest average; Larsen came next with 66, while Brink scored 41 counters.

Coach Catlin has developed a good foundation out of inexperienced material. With such to build on, the future for Midland basket ball looks bright. In fact, state conference coaches, with whom Catlin has dealt, have complimented Midland on the accomplishments of the new basket ball mentor.

A Johnson, P. Nordstrom, E. Brink, J. Carmody.

CAPTAIN JOHN CARMODY, forward — Fremont

Second year

The Orange and Black basketeers liked the way Jack piloted other lines of sport, so they elected him captain of the basket ball team. This honor, the captaincy of three sports, no other player has enjoyed during the history of the school. Although small in stature, Jack played a good game. He showed the real Warrior spirit by taking the bench when there were better players in the lineup.

ALEXIS JOHNSON, center — Newman Grove

First year

Lex was an important factor in every game. Although this is his first year with the Warrior quintet, he showed good form at the start and continued to improve all through the season. Lex was high point man of the season with a total of 118 points to his credit.

CAPTAIN-ELECT PAUL NORDSTROM, forward — Rockford, Illinois

First year

Although coming to Midland after the season had started, Snuss at once made good. He is a born basket ball player, besides being a loyal and faithful worker. He is essentially a team man, not working for individual honors but for the good of the squad. In scoring power Paul secured the highest average per game, making 107 points in 11 games.

EUGENE BRINK, guard — Lyons

First year

'Gene is another freshman who played like a veteran. He was a very clever basketeer whose skill often bewildered his opponents. He played a guard position, but that didn't prevent him from making his share of the baskets for he netted a total of 41 points during the season.

D. Wilcox, A. Peterson, T. Larsen, A. Miller.

DONALD WILCOX, forward — Rockford, Illinois

First year

Don, together with Snuss, came to Midland from Rockford to enroll for the second semester. They were members of Catlin's championship high school team at Rockford last year. He displayed a real brand of basket ball and became an important cog in the Midland cage machine.

ALTON PETERSON, guard — Hampton

First year

Pete showed the fans that he could play basket ball as well as football. Whenever the opposing team tried to locate the loop they found Alton to be a formidable obstacle. He seemed to cover the entire floor at the same time, and except for a short period of illness, played a brilliant game.

TED LARSEN, forward — Mead

First year

Ted is one of the veteran men who played with the Midland quintet this year. He was a strong defensive player. On the offense, Ted starred, hitting the loop from all angles. He was third high man of the season with a total of 66 points. Although he never played to the galleries, Ted was a favorite with the girls, having been voted to be the handsomest man in school.

ALBERT MILLER, guard — Bancroft

First year

Bert was a good dependable player at guard. Whenever he was given the opportunity he played a fine game. He held down Peterson's position, during his short period of illness, like a veteran. Bert let mighty few forwards get by him.

F. Frueger, R. Waterhouse, H. Packwood, H. Koolen, D. Herrington.

FRITZ KRUEGER, guard — Tsingtao, China

First year

We are glad to welcome Fritz back to Fremont. Although he comes from China he doesn't play basket ball backwards. In the scrimmages he gave the regulars snappy opposition.

ROBERT WATERHOUSE, forward — Fremont

First year

Bob was late in going out for practice, but after he got started he showed some flashy work at forward. Although he didn't get many opportunities to show his wares this year, he could always be depended upon. He has natural ability as a basket ball player.

HAROLD PACKWOOD, center — Oakland

Second year

Whenever he was called upon, Harold played a fine type of basket ball. He was a fast man on his feet and had a good eye for the basket. When Packy played he always gave the opposing quintet a real work out.

HANS KOOLEN, forward — Lincoln

Second year

Hans was another one of the gridmen who put on the abbreviated suits when the basket ball season opened. He gave the first string guards a real contest in the varsity scrimmages. Hans displayed a classy brand of clean basket ball when given the opportunity.

DONALD HERRINGTON, forward — Waterloo

First year

This was Don's first year at Midland and he was a little slow in getting started. He played in six games in which he displayed a good brand of basket ball. Don exhibited some clever work at forward when given the chance.

INVITATION TOURNAMENT

Twenty-five schools participated in the third annual Midland invitation high school basket ball tournament. The competing teams included: Class A: Fremont, Arlington, Columbus, David City, Mead, Schuyler; Class B: Howells, Herman, Brainard, Scribner, North Bend, Oakland; Class C: Bancroft, Waterloo, Fremont Reserves, Weston, Yutan, Hooper, Valley; Class D: Fort Calhoun, Elkhorn, Humphrey, Cedar Bluffs, Dodge and Uehling.

Fremont won the cup in Class A by defeating Mead 12 to 6 in the final contest. North Bend took Class B honors by defeating Oakland 15 to 13. Fremont Reserves defeated Valley 14 to 9 for the Class C championship. Cedar Bluffs nosed out Elkhorn 10 to 8 in the Class D contest.

Silver loving cups indicative of the titles won were presented to the respective teams by the college. The high school athletes were also guests at the Midland-Hastings basket ball game.

Midland officials regard this athletic tourney as the most successful of those which the college has sponsored. More than 200 athletes participated in the 1927 meet. Coach Catlin and the "M" Club had charge of the program.

History, Progress, Hall of Fame

(Continued from Page One Hundred Twenty-five)

In 1910 Midland College and the Western Theological Seminary were reorganized as a single institution. Up to this time the Seminary had been under direct supervision and control of the Board of Education. This merger placed both institutions under the direction and control of the Board of Trustees of Midland College. Rev. Holmes Dysinger, D. D., who now serves the Seminary in that office, was chosen dean. He acted as president for a time in 1912, until the next president came into office. His interests have mainly been with the divinity school. Dr. Dysinger's great accomplishment has been the standardization of theological courses.

Rev. Rufus B. Peery, Ph. D., D. D., succeeded Dr. Troxell as the next executive in 1912. His aim in life seemed to be the attainment of the highest standard for humanity, which carried its influence into the life of the college. A new modern gymnasium was built during his term.

In 1918, Rev. Ezra E. Stauffer, D. D., came to the office of the presidency. Under his administration a great increase in enrollment was noted. Dr. Stauffer successfully engineered the great task of moving the college from Atchison, Kansas, to Fremont, Nebraska, in 1919. The purpose for changing the location was to place Midland in the heart of her constituency. Fremont was chosen because it is nearer the center of western Lutheranism.

The Fremont Normal buildings, which are still occupied by the college, were purchased from William H. Clemmons. They are the Main Building, East and West Hall, and Clemmons Hall the latter being finished after Midland moved to Fremont.

Dr. Stauffer's great contribution was the firm establishment of the support and constituency on the new territory.

It was the mission of Rev. John F. Krueger, Ph. D., D. D., whose presidential term began in 1922, to popularize the institution. Midland received more publicity during his administration than at any other time, for it was then that the great appeal campaign was launched. A material addition was the construction of the new Gymnasium-Commons building.

Rev. Horace F. Martin, Ph. D., D. D., the present president of the college, assumed the duties of his office in 1925. He has given a great deal of time to the study of student problems. The financial work of the institution has been placed on an organized basis. Dr. Martin, with his zeal for Christian stewardship has secured a great number of men for the ministry. Materially, his contribution has been to inaugurate a campaign for the completion of the girls' dormitory.

This brings the history of Midland College to the present. A great vision has been fulfilled; a Lutheran institution has been established in the middle west. The story of Midland begins as one of privation and sacrifice, yet one of fervent prayer, and buoyant hope, of sincere faith and boundless work. These have continued as the factors of her gradual progress and are the forces that have made the institution what it is today.

Midland began with seventeen collegiate students; today there is an enrollment of 206. Nine faculty members served the college in its initial year; now, thirty professors and instructors impart to Midland students the results of their scholastic achievements. With the close of this year, 362 graduates will have gone out to exert their influence in many phases of the world's activity. Approximately 130 pastors and missionaries have graduated from the Western Seminary to minister unto the people of the Church and to proclaim the Gospel in foreign lands.

History, Progress, Hall of Fame

HALL OF FAME

Midland graduates have stood out prominently in many professions and occupations. The attempt to visibly place this fact before the eyes of present Midlanders has emerged into this Hall of Fame. Thus, the student may have an example who has stepped from this campus into his chosen field. Also, it is hoped that the aspirations of the student may thus be heightened.

The purpose in assembling this Hall of Fame is not primarily to set forth all of the prominent and successful persons in their particular fields of work, but rather, worthy representatives from the different lines of activity have been selected to show the diversity of callings pursued by Midland graduates.

BOOK IV

Winter

Oh Winter, ruler of the inverted year,
With grand security thy temples adorned;
Thou art frosty, but ever kind.
Oh, let Old Age be as a lusty Winter.

Season of Old Age

Old Age shall dream its dream
While Youth shall see its vision;
Old Age is beautiful and free,
Old friends, old books, old times, its key.

The Maker of Dreams

Dreams that come true and bring no sorrow in their path may rightly be prophesied for students of Midland College, who catch the spirit of the school, improve the fleeting hours, enlarge their circle of worthy friends, and find in books and study the means to double their satisfactions, purify their desires, and increase their powers of service.

Music, debate, oratory, athletics, dramatics enliven and embellish the mind of the man and the maid as they march toward the goal of better personalities by the aid of a College education.

Midland is a family rather than an institution; a hope of better things to come rather than a mechanical formulation. Midland is the maker of dreams.

The Glorious Gospel of the Blessed God

This is the theme of the herald who proclaims the message of salvation to men and women who have lost their way to their Father's house.

Ambassadors for the King, reconcilers between God and man, voices calling sinners to repentance—these are appropriate titles for young men who are undertaking preparation for the ministry of the Word. The Western Theological Seminary offers all the courses of a standard Lutheran Seminary to those who are enrolled in classes.

Young women who are preparing for missionaries, deaconesses, parish assistants, and teachers in our church schools may enter the Seminary on equal terms with young men.

Economy the Basis of Prosperity

Economy has been preached as a cardinal virture to every succeeding generation. Back in the Stone Age a hoary ancestor walked miles to a cave dweller who bartered some coveted article for one skin instead of the two demanded by the neighbor tradesman.

Economy is a principle held in common by the people of all nations.

Economy is the paramount principle of our merchandising throughout our chain of hundreds of Stores, and has been during the many years of our service to the public.

Every purchase in our Stores involves a saving to the purchaser.

$560,000,000 in the Pockets of America!

It has been estimated that 20,000,000 Americans carry in their pockets $560,000,000 in bills and loose cash.

A Costly, Dangerous Custom

Remember this money in the pocket is non-interest bearing cash, it is not in the bank in the form of deposits and cannot be used as a basis of credit.

The columns of our newspapers are filled with the records of personal holdups, payroll bandits, house-breaking and pickpockets.

Why carry money in the pocket? Carry a check book! If it is lost, you can get another and it has no value to the finder. A check is a receipt for money paid.

The safe and wise plan to have money is in the bank. Deposit your money today.

Your Savings Account in this Bank will earn 4% interest for you, compounded semi-annually.

NOTHING---

That is what the rich man wants, what the poor have, the miser spends and the spender saves.

We do not want any one to be a miser, for every man owes himself the necessary comforts of life, but you don't want to be known as a "spender" by your associates. It may sound flattering but the man who has a bank account and saves at least a small part of his wages stand head and shoulders above the spendthrift in any community.

You can save some of your earnings if you will—and this bank will be glad to assist you in the undertaking.

MANY college functions have been held at Hotel Pathfinder. We hope the pleasant recollection of these events will be renewed in the minds of students and patrons of Midland whenever this year book is taken up for reference.

The struggles, hardships and joys of college days are written in the hearts of students and faculty alike.

Any little part this Hotel and its staff has had in making your school work at Fremont more pleasant—any use you have made of these facilities for your comfort and convenience, fills us with enthusiasm, and we want you to continue to feel that Hotel Pathfinder is your hotel, just as you feel that Midland is your college.

IN PARTING

The 1927 Warrior staff has striven to make this, the sixth volume of the Warrior, truly representative of Midland College.

If you are pleased with the book as a whole, if the changes have improved it in some ways, and if the good results surmount the blunders, then we have fulfilled our mission.

Fare you well, our eyes now turn to the Warrior of 1928. We wish it success in the fullest measure, and extend sympathy to its staff. May they profit by our mistakes as well as by our improvements, and may they create a greater, but not more loved, book than this.

Philip M. Beiswanger, Editor.
